Grow High School and Community College Pipelines

Oregon Tech will develop a strategy and pathway to provide a seamless path to an Oregon Tech degree for community college students and Oregon high school students enrolled in Oregon Tech's dual credit program, with an emphasis on students from historically underrepresented backgrounds in higher education, including rural students. This will include a reimagined student login and enrollment experience, family outreach and campus visits, Oregon Tech advising for students in high school and community colleges, and a focus on transferability of courses to ensure that students have an affordable path to a degree.

Workforce, Community, and Student Needs Assessment

Oregon Tech will undergo a comprehensive, research-based process to better understand the needs of business, industry, state workforce, and Oregon students, to tailor degree programs and offer appropriate student services. As part of this process, Oregon Tech will:

- Invest in a market analysis study focused on Oregon's workforce needs in the STEM and healthcare fields, with an eye towards micro credentialing, badging, continuing education, and certificate programs
- Engage in conversations with employers and community leaders
- Conduct research to review current market conditions and understand the unmet educational needs of Oregon students, to develop a strategic enrollment growth plan

Retention

Oregon Tech will invest in initiatives designed to help students stay enrolled at Oregon Tech, including early identification of struggling students, looking at class scheduling practices, and class size optimization to enhance the student experience.

Strategic realignment of finance system and budget software solutions

- Expedite reporting, improve access for campus users, and bolster efficiency.
- The transition back to Banner Finance will notably diminish manual processes, and foster alignment with other Oregon universities. This consolidation initiative is poised to yield annual savings exceeding \$125,000 through the elimination of redundant software subscriptions.
- Position the university for the adoption of a more performance-driven budget strategy, and ultimately safeguarding resources for the benefit of our students and faculty.

ACTION ITEM

Agenda Item No. 6.1

Request to Approve the Facilities Master Plan

Background

A comprehensive Facilities Master Plan (FMP or ‘the Plan’) is an essential tool for capital development, resource allocation and effective campus planning. Oregon Tech engaged Soderstrom Architects to develop a comprehensive FMP by calendar yearend 2023. The last assessment was completed several years ago, before the campus experienced significant student and program growth.

The Plan establishes a framework for prescribed growth and development of capital improvements and additions and is designed to be responsive to current and future needs, while being sufficiently flexible to accommodate changes that may occur. The FMP also aligns physical, spatial and fiscal objectives in support of the University’s Strategic Plan. Future expansion and improvements at Oregon Tech campuses are vital to continued academic, research and student success. The Plan describes the recommended development of facilities, available land and infrastructure consistent with the mission of the University.

The Plan considers how the institution's role and mission relate to facilities requirements. This involves an analysis of space and program needs, a description of existing land and facilities, including an explanation of the possible new or revised use of existing land and facilities, new facilities, projected needs over the next several years and assumptions and criteria to meet these needs. The Plan also provides an assessment of building and facilities condition along with relevant life cycle, building space utilization, campus identity, access and parking, security and other development opportunities.

Developed through a collaborative process with a cross section of faculty, staff, students and other stakeholders, the Plan is a comprehensive document that will require periodic updates as the campuses continue to evolve. It is important to note that although the recommendations in the Plan are intended to encourage achievement, the Plan is not supported by a commitment or specific timetable for funding or completing projects. That process occurs as part of capital budget development.

Staff Recommendation

After review of the draft Facilities Master Plan, and with the Recommendation of the Finance and Facilities Committee, staff requests a **Motion for Approval by the full Board of the Facilities Master Plan with delegation of authority to the president or his designee to finalize report formatting and to coordinate capital projects and infrastructure improvements in collaboration with the Finance and Facilities Committee Chair.**

ACTION ITEM

Agenda Item No. 6.2

Request to Approve the Risk Assessment and Multi-Year Audit Plan

Background

The Oregon Tech Board of Trustees (Board) chose to outsource internal audit services following the dissolution of the Oregon University System (OUS) in 2016. Internal Audit reports to the Board's Audit Committee, with most operational interaction flowing through the Chair of the Finance and Facilities Committee, acting in their capacity as Chair of the Audit Committee. Functionally, Internal Audit reports to the Vice President for Finance and Administration. Internal Audit meets regularly with the Director of Audit and Compliance, Vice President for Finance and Administration and the President to discuss ongoing matters as well as with the General Counsel on a case-by-case basis.

Oregon Tech's internal auditor is Eide Bailly, LLP | CPAs and Business Advisors, a public accounting firm based in Fargo, North Dakota. Oregon Tech internal audit services are supported through Eide Bailly's Denver, Colorado office.

An essential step in effective internal audit planning is performing the risk assessment. Over the past several months, and since presenting to the Board in October of 2023, Eide Bailly has engaged in discussions with the President, the Chair of the Audit Committee, the previous internal auditors, members of leadership and other staff and stakeholders in gathering information and assessing university risks. Following these inclusive discussions, Eide Bailly developed their Risk Assessment report (see Attachment FF&A 3.1.7). This document served as an important reference tool for Eide Bailly in developing the proposed Multi-Year Audit Plan (see Attachment FF&A 3.1.7) and will inform both audit project prioritization and the determination of the internal audit resources necessary to perform specific audit projects.

Staff Recommendation

After review of the Risk Assessment and Draft Audit Plan, and with the recommendation of the Audit Committee, staff requests a **Motion for Approval by the full Board of the Risk Assessment and Multi-Year Audit Plan with delegation of authority to the president or his designee to coordinate activities with the internal auditors in collaboration with the Audit Committee Chair.**

RESOLUTION NUMBER 24-01

BOARD OF TRUSTEES OF OREGON INSTITUTE OF TECHNOLOGY

A RESOLUTION IMPLEMENTING SENATE BILL 273 (2023), AMENDING AND ADOPTING CERTAIN BYLAWS AND POLICIES IN ORDER TO ADOPT STATUTORY CHANGES RELATED TO PUBLIC UNIVERSITY GOVERNING BOARDS

WHEREAS, the 2023 Oregon Legislative Assembly passed, and Governor Tina Kotek signed Senate Bill 273 (SB 273) into law; and

WHEREAS, SB 273 alters the composition of governing boards at public universities and establishes processes by which undergraduate students, graduate students, faculty, and nonfaculty staff may be nominated for membership on the governing board, with candidates' names provided to the Governor for consideration; and

WHEREAS, SB 273 requires each governing board to formally adopt enumerated policies regarding university governance; and

WHEREAS, Oregon Tech had implemented many of the practices outlined in SB 273, even before SB 273 was under consideration; and

WHEREAS, Oregon Tech established an Ad Hoc Workgroup on the AGB Consulting Report that addressed governance review of Oregon's Public Universities; the Ad Hoc Workgroup held multiple meetings in 2022 and issued a report containing observations and recommendations;

Now, therefore, the Board of Trustees resolves as follows:

Section 1

Amended Oregon law, ORS 352.072(2)(b)(A and B), requires one undergraduate student Trustee shall be a voting member of the board and one undergraduate student Trustee shall be a nonvoting member of the board. The law further provides to the extent practicable, the first year of a students' appointment, the student will serve as a nonvoting Trustee, and in the second year that student Trustee will serve as a voting member.

Accordingly, Art. IV, Sec. 3 of the Bylaws of Oregon Institute of Technology (amended January 24, 2019) Manner of Acting, is hereby amended as set out in Attachment A.

Section 2

Amended Oregon law requires student, faculty, and nonfaculty staff Trustees to be nominated through respective official governance structures.

ORS 352.072(2)(b)(C) provides the undergraduate student Trustees shall be nominated through an internal governance process held by the official student government, or similar official student governance structure, with the candidates nominated provided to the Governor for consideration, and that more than one candidate per member position on the governing board may be nominated under this subparagraph.

ORS 352.072(2)(d)(B) provides the faculty Trustee shall be nominated through an internal governance process held by the official faculty senate, or similar official faculty governance structure or faculty union at the university, with the candidate nominated provided to the Governor for consideration, and that more than one candidate per member position on the governing board may be nominated under this subparagraph.

ORS 352.072(2)(d)(C) provides the nonfaculty staff Trustee shall be nominated through an internal governance process held by the official nonfaculty staff senate, or similar official nonfaculty staff governance structure or nonfaculty staff union at the university, with the candidate nominated provided to the Governor for consideration, and that more than one candidate per member position on the governing board may be nominated under this subparagraph.

The Board of Trustees resolves that the university's official governance structures, meaning the Faculty Senate, Administrative Council, and Associated Students of Oregon Institute of Technology (ASOIT) should have the authority to nominate Trustees to the faculty, nonfaculty staff, and student Trustees positions respectively. Accordingly, University Policy OIT-01-002 Candidate Application for Faculty, Staff, and Student Board of Trustees Positions is hereby amended to reflect these changes. See Attachment B. Further, Amended Resolution No. 15-2: A Revision to Resolution on Shared Governance, is hereby further amended to provide that student, faculty, and nonfaculty staff Trustees shall be nominated through respective official governance structures. See Attachment B.

Section 3

ORS 352.072(6)(a and b) prohibits faculty Trustees, nonfaculty staff Trustees, undergraduate Trustees, and graduate student Trustees (if any) from participating in board actions and discussions about collective bargaining issues affecting undergraduate or graduate students. This prohibition is already reflected in Bylaws, Art. VIII, Sec. 2: Conflicts of Interest, Labor Negotiations. See Attachment A.

Section 4

ORS 352.072(9) clarifies that, notwithstanding the nomination processes described above, any person may seek nomination from the Governor for a member position for which they are qualified. Accordingly, Amended Resolution No. 15-2: A Revision to Resolution on Shared Governance, is hereby further amended to clarify that no person is prohibited from using a process or method not described in this section to seek nomination from the Governor, or be nominated to the Governor, to a member position on the governing board for which the person is qualified. See Attachment C.

Section 5

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to provide opportunities for live comments at regularly scheduled meetings. Board Policy on Conduct of Public Meetings, Sec. 1.5: Order of Regular Meetings, already provides for public comment at each regular public meeting of the Board. See Attachment D.

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to provide for reports from official student, faculty, nonfaculty staff, and labor organizations at regularly scheduled meetings. This has been a longstanding feature of the university's regular Board meetings. This practice is now memorialized in amendments to Board Policy on Conduct of Public Meetings, Sec. 1.5: Order of Regular Meetings. See Attachment D.

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to allow a representative from official campus labor organizations to provide comments or report to the governing board at regularly scheduled meetings of the governing board, if the representative has requested the opportunity to provide comments or report to the board in advance of the meeting. While representatives from official campus labor organizations have always been welcome to provide public comment at regularly scheduled board meetings, this practice was not included in a policy. Accordingly, the Board Policy on Conduct of Public Meetings, Sec. 1.5: Order of Regular Meetings, is amended to clarify that public comment includes, but is not limited to, comments from a representative from official campus labor organizations, if the representative has requested the opportunity to provide comments to the board in advance of the meeting. See Attachment D.

Section 6

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to require the inclusion of at least one faculty member, one nonfaculty staff member and one member of the student body as part of presidential search committees. While this has been practiced at Oregon Tech in each presidential search, Oregon Tech does not have an adopted Board Policy on Presidential Searches. The Board hereby adopts a policy that in any presidential search committee, the existing practice of including at least one faculty member, one nonfaculty staff member, and one member of the student body shall be followed.

Section 7

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to ensure that all members of the governing board are provided with institutional electronic mail addresses and requires the public university to clearly and publicly post the electronic mail addresses on the website of the public university. Oregon Tech does this already. This resolution now makes these requirements Board policy.

Section 8

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to create ongoing review processes of the practices and policies of the public university relating to transparency, and access that includes participation of faculty, nonfaculty staff, and student representatives. Accordingly, Amended Resolution No. 15-2: A Revision to Resolution on Shared Governance, is hereby further amended to clarify that the President's Council will review provide ongoing review of the practices and policies of the public university relating to transparency, and access that includes participation of faculty, nonfaculty staff, and student representatives, and make related recommendations to the President. See Attachment C.

Section 9

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to require that the governing board, or the designee of the governing board, respond to questions that arise from public comments at meetings of the governing board. The Board of Trustees, in 2022, previously reviewed this concept and adopted this practice as an informal policy as a recommendation of the Board's Ad Hoc Workgroup on the AGB Consulting Report – Governance Review of Oregon's Public Universities in its August 22, 2022 Workgroup Report. In practice, in accordance with the Workgroup's recommendations, after regular Board meetings, a university staff member is assigned to formally follow-up with and respond to all public comments. The Board Chair or appropriate committee chair then follows up with staff regarding the request, and the Board chair and Executive Committee may decide to follow upon the item further, which may or may not include a formal response at the next Board meeting. Thus, the Board already does this in practice, but the practice is not memorialized in a formal Board policy. Accordingly, the Board Policy on Conduct of Public Meetings, Sec. 4, Procedure for Appearing Before the Board, is hereby amended to provide when questions arise from public comments at meetings of the board, the Chair, an appropriate Committee chair, or a designee of the Chair or committee chair, will respond to such questions after the Board meeting, which is typically a staff member with relevant expertise or authority over the matter in question. See Attachment D.

Section 10

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to memorialize the process for filling appointments to the governing board. The Board hereby resolves that the Board Secretary shall memorialize the process for filling appointments to the Board.

Section 11

SB 273 amendments to ORS Chapter 352 require public university governing boards to adopt policies to regularly conduct self-evaluations with opportunity for input from the university community evaluating the work of the board. Accordingly, the Board hereby resolves to regularly conduct self-evaluations with opportunity for input from the university community

evaluating the work of the board. The Board resolves that the self-evaluation process will be conducted biennially in connection with the Board's annual retreat.

This Revision shall take effect immediately upon approval by the Board.

**ARTICLE III
Board of Trustees**

- 1. Business and Affairs.** The University shall be governed by the Board of Trustees of Oregon Institute of Technology ("Board"), which may exercise all such powers, rights, duties and privileges as are expressly conferred upon the University, or that are implied by law or are incident to such powers, rights, duties and privileges. The Board may delegate and provide for the further delegation of any and all such powers, rights, duties and privileges subject to limitations expressly set forth in law.
- 2. Membership.** The membership of the Board is established by law. With the exception of the President of the University, the Trustees are appointed by the Governor of the State of Oregon and are subject to confirmation by the Oregon Senate in the manner prescribed by law.
- 3. Vacancies.** A vacancy on the Board shall exist upon the death, resignation, removal or expiration of the term of any Trustee. A Trustee may resign at any time by delivering written notice to the Governor, the Chair of the Board of Trustees, and the President of the University. When a vacancy exists, the Board Chair, in consultation with the Executive Committee, shall contact the Office of the Governor with a recommendation concerning the filling of the vacancy.
- 4. Removal.** The Governor may remove a Trustee other than the President as provided by law. The Board may terminate the status of the President as a Trustee by terminating the President's appointment as President of the University, subject to the rights, if any, of the President under a contract of employment.

5. Board Officers.

- a. The Board shall select one of its members as Chair and another as Vice Chair, who shall be the Board Officers. Thereafter, a vacancy in the position of Chair shall be filled by the Vice Chair, unless the position of Vice Chair is vacant in which case the Board shall appoint the Chair. A vacancy in the position of Vice Chair shall be filled by the Board. The Chair and Vice Chair shall hold office for two years, or until a successor shall have been duly appointed and qualified or until death, resignation, expiration of the appointment as a Trustee, or removal. The Chair and Vice Chair may be appointed to consecutive terms. The Chair and Vice Chair shall not be employees or students of the University and shall not, as Chair and Vice Chair, be authorized to bind the University. - b. The Chair shall establish the agenda for and preside at all meetings of the Board. The Chair shall perform such other duties as assigned by the Board. In the absence of the Chair or in the event of the Chair's inability to act, the Vice Chair shall perform the duties of the Chair, and when so acting, shall have the powers of and be subject to all the restrictions upon the Chair. The Vice Chair shall perform such other duties as assigned by the Board. Other officers of the Board, if any, shall be subject to the authority of the Chair and Vice Chair.
- c. Notwithstanding the appointment of a Chair, Vice Chair, and other officers, authority is vested in the Board collectively and not in any individual Trustee. Individual trustees do not speak on behalf of the Board or University unless authorized to do so by the Board or Chair. The Chair may speak on behalf of the Board and University, unless otherwise determined by the Board.
- d. A Board Officer serves at the pleasure of the Board. A Board Officer may be removed from office by a two-thirds majority vote of Trustees eligible to vote.

6. Compensation; Reimbursement of Expenses. A Trustee performing his or her official duties is not acting as an employee of the University and shall not be compensated when acting as a Trustee. In accordance with University policy and upon approval by first the Secretary and then the Vice President of Finance & Administration of the University, a Trustee may be reimbursed for reasonable expenses incurred in connection with the performance of official duties, subject to the University's expense reimbursement policies.

7. Faculty and Non-faculty Staff Trustees. The Faculty Trustee and Non-faculty Staff Trustee are each hereby granted reasonable leave with pay at their regular salaries during their regular work hours as employees of the University to attend meetings of the Board and other official Board functions. Nothing in this section 7 shall be deemed to alter the compensation of the faculty member or staff member for the performance of their duties as a University employee.

ARTICLE IV
Meetings of the Board

1. Public Meetings. A "Public Meeting" of the Board is the convening of the Board for a purpose for which a quorum is required in order to make a decision or to deliberate toward a decision on any matter. All Public Meetings of the Board shall be conducted in compliance with the Public Meetings Law, ORS 192.610 to 192.710, as may be amended from time to time. Public Meeting does not include any on-site inspection of any project or program or the attendance of Trustees at any international, national, regional, state or local association.

2. Quorum of the Board. Except as otherwise specified herein, a quorum of the Board is required to conduct Board business. A quorum of the Board shall be a majority of the Trustees in office, including the President, at the time of the meeting.

3. Manner of Acting.

- a. Except as otherwise specified herein, action upon a matter for which a quorum is required shall be taken upon the approval of a majority of the Trustees present. The Chair reserves the right to require a majority vote of the Trustees in office for specific issues.
- b. All Trustees present must vote affirmatively or negatively on any matter on which a vote is called by the Chair, except that a Trustee may not vote if the Trustee is disqualified from voting under law, these bylaws, or applicable Board action. Abstentions may be permitted by the Chair.

c. As provided in ORS 352.072(2)(b)(A and B), one undergraduate student Trustee shall be a voting member of the board and one undergraduate student Trustee shall be a nonvoting member of the board. To the degree practicable, a student Trustee serves as a nonvoting member of the board during the first year of the student's term of office and as a voting member of the board during the second year of the student's term of office.

d. The Board may permit any or all Trustees to participate in a meeting by, or conduct the meeting through use of, any means of electronic communication by which all Trustees participating may simultaneously hear each other or otherwise communicate with each other during the meeting. Participation in such a meeting by a Trustee shall constitute such Trustee's presence in person at the meeting.

4. Quorum Not Required. A majority of the voting Trustees present at a meeting that is subject to the quorum requirements of this Article, although less than a quorum, may:

- a. Adjourn the meeting from time to time to a different time or place before the date of the next regular meeting without further notice of any adjournment. At such adjourned

meeting at which a quorum is present, any business may be transacted that might have been transacted at the meeting originally held.

- b. Set a time for adjournment.
- c. Call a recess.
- d. Take any measure necessary or appropriate to assemble a quorum.

5. Waiver of Notice by Trustee. A Trustee's attendance at or participation in a meeting waives any required notice of the meeting to the Trustee unless the Trustee at the beginning of the meeting objects to the holding of the meeting or the transaction of business at the meeting and does not subsequently vote for or assent to action taken at the meeting. A Trustee may at any time waive any notice required by law, these Bylaws or other Board action, with a writing signed by the Trustee and specifying the meeting for which notice is waived. Any such waiver of notice shall be filed with the minutes of the meeting for which notice is waived.

6. Procedural Rules. Procedural disputes shall be resolved by traditional procedural rules, as interpreted by the Chair. Any Trustee who disagrees with a procedural decision may introduce a motion to amend or reverse the procedural decision.

ARTICLE V Public Meeting Procedures

1. Regular Meetings. Regular Public Meetings of the Board shall be held at least four times per academic year on such dates and at such times as specified by the Chair.

2. Special Meetings. Special Public Meetings of the Board may be called at any time by the Chair and must be called by the Chair within seventy-two (72) hours after the Chair's receipt of a written request for a special Public Meeting signed by a majority of the Trustees then in office and specifying the purpose of the meeting. Notice of an emergency Public Meeting shall be such as is appropriate to the circumstance.

- b. Notice of a regular or special Public Meeting must be given to each Trustee at least 48 hours prior to the hour of the meeting, but longer advance notice as set forth in other Board action is preferable. Notice to each Trustee of an emergency Public Meeting shall be such as is appropriate to the circumstance. Notice by all other means shall be deemed to be given when received by the Trustee.

6. Minutes of Meetings. The Board shall provide for the taking of written minutes of all Public Meetings, which minutes shall give a true reflection of the matters discussed and actions taken at the Public Meetings and the views of the participants. In addition to written minutes, the Board may provide for an audio recording, an audio and video recording, streaming audio, or streaming audio and video. A record of each recording or transmission shall be retained in accordance with applicable records retention requirements.

**ARTICLE VI

The General Counsel is authorized to accept legal process on behalf of the University.

4. Secretary. In consultation with the Board Chair and Vice Chair, the President shall appoint or remove the Secretary. The Secretary is the custodian of and shall cause the minutes and any recording or transmission to be maintained in accordance with applicable records retention requirements. The Secretary will be the primary communication conduit for the Board, and will support the administrative functions of the Board. The Secretary is authorized to accept legal process on behalf of the University.

ARTICLE VII Board Committees

Subject to the requirements of applicable law, the Board may establish such committees as it deems appropriate or necessary from time to time and shall define the duration, existence, duties, membership and reporting requirements of such committees.

ARTICLE VIII Conflicts of Interest

1. In General. Subject to the requirements of law and of this Article VIII, the Board may take any action involving either a potential conflict of interest or an actual conflict of interest (as defined in ORS Chapter 244). Prior to taking any action in an official capacity on any matter involving a potential conflict of interest or an actual conflict of interest for a Trustee, the Trustee shall publicly announce the nature of the potential or actual conflict of interest. Any Trustee having an actual conflict of interest in a transaction with the University shall in addition (i) refrain from participating in any discussion or debate on the issue out of which the conflict arises, and (ii) refrain from voting on the issue, unless the Trustee's vote is necessary for Board action on the issue and is otherwise not prohibited by ORS Chapter 244.

2. **Labor Negotiations.** ~~With the exception of the officers identified in Article VI, faculty, students, and all other University staff including student employees~~ serving as Trustees may not participate in any discussions or action by the board or attend any executive session of the board involving collective bargaining issues that affect faculty or non-faculty staff at the university or that affect undergraduate or graduate students.

3. **Other.** The Board may take such actions pertaining to conflict of interest and ethics as the Board determines to be appropriate.

ARTICLE IX Indemnity

1. Indemnification and Defense in General.

- a. The University shall defend and indemnify any Trustee or Officer ("Party") against any Claim, whether groundless or otherwise, arising out of an alleged act or omission occurring in the performance of official duties. The University shall not provide indemnification and defense in case of malfeasance in office or willful or wanton neglect of duty. The University may cease to provide indemnification or defense upon a determination by the University, in its sole discretion, that an act or omission may constitute malfeasance in office, willful or wanton neglect of duty, or criminal conduct.
- b. The University may choose to defend a Party under a reservation of rights. Any Party to whom the University is providing a defense shall cooperate fully with the University in the defense of such Claim. If the University determines, in its sole discretion, that such Party has not so cooperated or has otherwise acted to prejudice the defense of the Claim, the University may at any time terminate its defense and indemnity or proceed under a reservation of rights.

2. Legal Expenses when Claim is by a Governmental Entity or Professional Licensing Authority.

- a. Expenses incurred by a Party in the defense of a civil Claim by a governmental entity or a professional licensing authority may be advanced or reimbursed by the University if the University, in its sole discretion, determines that the civil Claim arose out of the Party's performance of official duties. Such advancement or reimbursement constitutes part of the Party's official compensation package for purposes of ORS Chapter 244. The University may decline to reimburse a Party for any expenses incurred prior to the University's written commitment to provide reimbursement.
- b. Expenses shall be paid by the University in advance of the final disposition of a civil Claim described in this section 2 at the written request of the Party if:

- (1) The University determines, in its sole discretion, that the conduct of such Party was in good faith, and the Party reasonably believed that such conduct was in the best interests of, or not opposed to the best interests of, the University.
- (2) The Party furnishes the University a written undertaking to repay such advance to the extent it is ultimately determined by the University, in its sole discretion, that such Party is not entitled to be indemnified by the University under this Article or under any other indemnification rights granted to such Party.
- (3) Such advances shall be made without regard to the person's ability to repay such advances.

3. Legal Representation. The President or designee shall have the exclusive authority to select counsel and to defend against any Claim. The President will consult with the Party regarding any term of a settlement agreement that affects the legal rights of the Party.

4. Definition. The term "Claim" means any threatened, pending, or completed investigation, action, suit, or proceeding brought by a party other than the University.

5. Non-Exclusivity and Continuity of Rights. This Article: (i) shall not be deemed exclusive of any other rights to which those indemnified may be entitled under any statute, agreement, general or specific action of the University or otherwise, both as to action in the official capacity of the person indemnified and as to action in another capacity while holding office, (ii) shall continue as to a person who has ceased to be a Party, and (iii) shall inure to the benefit of the heirs, executors, and administrators of such person.

6. Amendments. Any repeal of this Article shall only be prospective and no repeal or modification hereof shall adversely affect the rights under this Article in effect at the time of the alleged occurrence of any action or omission to act that is the cause of any Claim or complaint.

ARTICLE X Miscellaneous Provisions

1. Principal Office. The principal office of the University and the Board is located at the Office of the President, Oregon Institute of Technology, 3201 Campus Drive, Klamath Falls, OR 97601.

2. Severability. Any determination that any provision of these Bylaws is for any reason inapplicable, invalid, illegal, or otherwise ineffective shall not affect or invalidate any other provision of these Bylaws. The headings in these Bylaws are provided for convenience and shall not be considered in the interpretation or construction of these Bylaws.

3. Authority. Because the Board is the final University authority, these bylaws and Board actions have precedence over other actions of the University and its constituent parts without

regard to whether such actions have the force of law. Any such actions shall be consistent with these Bylaws.

4. Amendment of Bylaws. These Bylaws may be altered, amended, restated or repealed and new bylaws may be adopted by the Board at any regular or special Public Meeting.

Senate Bill 273 (SB 273) which was passed by the 2023 Oregon Legislative Assembly, and signed into law by Governor Tina Kotek, requires student, faculty, and nonfaculty staff Trustees to be nominated through respective official governance structures.

ORS 352.072(2)(b)(C) provides the undergraduate student Trustees shall be nominated

through an internal governance process held by the official student government, or similar official student governance structure, with the candidates nominated provided to the Governor for consideration, and that more than one candidate per member position on the governing board may be nominated under this subparagraph.

ORS 352.072(2)(d)(B) provides the faculty Trustee shall be nominated through an internal governance process held by the official faculty senate, or similar official faculty governance structure or faculty union at the university, with the candidate nominated provided to the Governor for consideration, and that more than one candidate per member position on the governing board may be nominated under this subparagraph.

The final slate of candidates will submit their application online at <https://www.oregon.gov/gov/Pages/board-list.aspx>.

Per the Oregon Tech Board of Trustees Bylaws, faculty and staff Trustees are permitted reasonable leave with pay at their regular salaries during their regular work hours as employees of the University to attend meetings of the Board and other official Board functions.

The faculty, staff, and student Trustees do not represent a particular constituency when sitting as a Trustee. Per the Board Policy on Ethics and Conflict of Interest, Trustees are expected to put aside parochial interests, keeping the welfare of the entire institution, not just a particular constituency, at all times paramount. Authority is vested in the board collectively and not in any individual Trustee; acting upon parochial interests or for the welfare of a particular constituent or constituency could impede the Trustee's ability to discharge his or her fiduciary duty to the entire institution.

~~AMENDED~~ RESOLUTION NO. 15-2 (AMENDED [DATE])

BOARD OF TRUSTEES OF OREGON INSTITUTE OF TECHNOLOGY

A REVISION TO RESOLUTION ON SHARED GOVERNANCE AT OREGON INSTITUTE OF TECHNOLOGY

The Board of Trustees of the Oregon Institute of Technology adopted the following resolutions at a duly held meeting:

Whereas, the establishment of separate, institutional governing boards for each of Oregon’s public universities, including Oregon Institute of Technology (“University” or “Oregon Tech”) is a propound opportunity for the success of students; and

Whereas, the authority of the Oregon Institute of Technology Board of Trustees (“Board”) and President may be informed and improved by the purposeful engagement with the University’s stakeholders – including its faculty, staff, and students; and

Whereas, the concept of shared governance in an academic environment is expected and appreciated; and

Whereas, the Board is much closer to the affairs of the University than previous system-wide governing boards; and

Whereas, a statement affirming the principles of shared governance is a critical step in the success of the University, building trust among university stakeholders and demonstrating a commitment to open deliberation and decision-making;

Whereas, a revision to the statement affirming the principles of shared governance, following a comprehensive review of Oregon’s University Governing Boards (AGB-Consulting, 2022), is necessary to better define the roles, responsibilities, and interconnectedness of university stakeholders in commitment to open deliberation and decision-making;

Now, therefore, the Board resolves as follows:

Section 1

Principles and Values

The Board is committed to shared governance in the academic environment and embraces the following principles and values to guide the efficient governance and administration of the University:

- a. Frank Communication
- b. Open deliberation and decision-making
- c. Consistent reflection upon the University’s mission statement and strategic plan
- d. Recognition by all University stakeholders of roles and their responsibilities in the efficient governance and administration of the University.
- e. Mutual trust and respect among all University stakeholders.

The Board is committed to the adherence and upholding of the values discussed herein. Thus, each governing body described below shall be able to concretely demonstrate the implementation of these

values, and the Board will be charged with overseeing the evidence of implementation as applicable by law and other Board Policies.

Section 2

Definition

Shared governance is a best practice that recognizes the essential symbiotic relationship that exists between Oregon Tech's Board, President, Faculty, Administration, Staff, and Students. Shared governance is defined by appropriately shared responsibility, accountability, and cooperative action among the Board, administrators, faculty, staff, and students, and, as applicable, their duly constituted representative bodies, intended to foster constructive and collaborative thought and action within the institutional structure in service of the University's mission. For the purposes of this Resolution, accountability is defined as the willingness to accept responsibility for the actions and outcomes of those actions. This requires collaborative communication and cooperative action between the independent governing bodies herein, with all parties acting for the benefit of the University and to uphold the University's values and mission statement.

Section 3

Roles, Responsibilities and Representation

a. Board

The Board is vested with the ultimate fiduciary authority to manage the affairs of the University under Oregon law and applicable Board Policies and actions, including the Board policy on Delegation of Authority. The Board shall receive and consider input and advice from university stakeholders, as articulated in this resolution, either through the President or directly to the Board through processes and channels established by the Board.

The Board, in its Bylaws and Board Policy on Committees, authorizes the creation of ad hoc committees to address specific topics from time to time. As appropriate, representatives of faculty, staff, student body may be asked to participate in these ad hoc committees to provide their expertise and perspective.

b. President, Officers, and Administrators

The President, as the University's chief executive officer and president of the faculty, is responsible for directing the affairs of the University, provided the President's actions are consistent with the law, and Policies and actions of the Board, including, the Board Policy on Delegation of Authority. The President, officers, and administrators have as a primary responsibility the duty to promote collaboration and to encourage faculty and staff in the performance of their duties related to teaching, learning, student and institutional support, professional development, scholarly work and research, and community services.

The President has primary responsibility for communicating with and making recommendations to the Board. The Board expects the President, as appropriate, to provide meaningful opportunity for duly elected or appointed representative of the Faculty Senate, Administrative Council, and ASOIT, to offer input and advice on the President's recommendations. This includes but is not limited to the President's recommendations concerning the University's budget, tuition and fee schedule, strategic plan, and mission statement.

The President also has primary authority for the approval of University Policies that define the expectations or requirements for university units and functions, as outlined in the Board Policy on Policies. The Board expects duly elected or appointed representatives of Faculty Senate, Administrative Council, and the ASOIT to participate in the President's Council to offer input and advice on university policies. The President's Council, which includes participation of faculty, nonfaculty staff, and student representatives, will periodically review the practices and policies of the public university relating to transparency, and access, and make related recommendations to the President.

In presenting recommendations to the Board for Board action, the President is encouraged to present a balanced discussion that reflects feedback from the aforementioned constituent groups where there is a clear and consistent voice that may differ from the President's conclusion. While the Board recognizes that the President may need to make recommendations to the Board that may not hold the support of a significant number of constituents of the university community, the Board should hear both sides of the discussion before a final decision can be made.

c. Faculty Senate

The Board reaffirms the faculty's central role in the development and stewardship of the University's academic mission, consistent with Oregon law and the Board policy on Delegation of Authority, and as outlined in the Faculty Constitution and Charter of the Faculty Senate. The faculty, in conjunction with the President and the Provost, is responsible for:

- i. academic standards relating to admission to study at the university;
- ii. curriculum, curricular materials, method of instruction, grading, credits, and academic standards of the University; and
- iii. standards of student competence in a discipline.

The Faculty Senate shall nominate candidates for the faculty Trustee position through an internal governance process held by the official faculty senate, with the candidate nominated provided to the Governor for consideration. More than one candidate per member position on the governing board may be nominated under this subparagraph. The Board Secretary shall memorialize the process for filling appointments to the governing board. No person is prohibited from using a process or method not described in this section to seek nomination from the Governor to a member position on the governing board for which the person is qualified.

The Board also expects that the faculty will have substantial participation and input into the development of new academic degree programs and significant changes to academic degree programs before they reach the Board for consideration and approval and, as appropriate, transmission to the Higher Education Coordinating Commission for approval.

The Board recognizes the Faculty Senate as the internal representative body to the faculty. To set forth its internal processes for participating in shared governance, the Oregon Tech Faculty Senate is authorized, consistent with law and the Policies and actions of the Board, to formulate a statement of internal governance expressed as a constitution or in another appropriate format. The statement of internal governance must be consistent with applicable law and the Policies and actions of the Board and is subject to approval by the President in their role as President of the faculty. The President convenes and presides over the faculty and is authorized to veto any decision of the Faculty Senate.

Notwithstanding the President's statutory role as president of the faculty, the faculty's statement of internal governance may provide for a member of the faculty to serve as the Faculty Senate's president or chair. The statement of internal governance is subject to amendment by the Board after notice to and consultation with the President and the Faculty Senate. Subject to the approval of the President, the statement of internal governance may also be amended as provided for in the statement of internal governance statement, but no more often than annually.

Faculty Senate shall appoint no more than three members of faculty to hold membership on the Governance Committee.

d. Administrative Council

The Board recognizes the Administrative Council as the internal representative body of the Oregon Tech unrepresented, unclassified, administrative staff. In order to set forth its internal processes for participating in shared governance, the Administrative Council is authorized, consistent with law and the policies and action of the Board, to formulate a statement of internal governance expressed as a constitution or in another appropriate format. The statement of informal governance must be consistent with applicable law and the policies and action of the Board.

The Administrative Council shall establish a process to coordinate with classified staff and together nominate candidates for the nonfaculty staff member Trustee position through an internal governance process held by the official nonfaculty staff governance structure, with the candidate nominated provided to the Governor for consideration. More than one candidate per member position on the governing board may be nominated under this subparagraph. The Board Secretary shall memorialize the process for filling appointments to the governing board. No person is prohibited from using a process or method not described in this section to seek nomination from the Governor to a member position on the governing board for which the person is qualified.

e. Associated Students of Oregon Institute of Technology ("ASOIT")

The Board recognizes the ASOIT as the representation of the student government. To set forth its internal processes for participating in shared governance, the ASOIT is authorized consistent with law and policies and actions of the Board, to formulate a statement of internal governance expressed as a constitution or in another appropriate format. The statement of internal governance must be consistent with applicable law and the policies and action of the Board.

ASOIT shall nominate the undergraduate student Trustees through an internal governance process held by the official student government, with the candidates nominated provided to the Governor for consideration. More than one candidate per member position on the governing board may be nominated under this subparagraph. The Board Secretary shall memorialize the process for filling appointments to the governing board. No person is prohibited from using a process or method not described in this section to seek nomination from the Governor to a member position on the governing board for which the person is qualified.

Section 4

Communication

a. The Board will, consistent with its Board Policy on the Conduct of Public Meetings, reserve a specific time for one duly elected representative from each of the Faculty Senate, Administrative Council, and ASOIT to address the Board on any matter of concern facing the faculty, staff, or students respectively.

b. As appropriate, the Board may include representatives of the faculty, staff, or student body in relevant work retreats by the Board.

c. The Board expects the University's president to meet personally with the duly elected chair or president of the Faculty Senate, Administrative Counsel, and ASOIT regularly, but preferably at least monthly, to ensure open communication and prompt discussion and consideration of matter of concern.
