# Choose Your Own Adventure

*Career*

**Level 1**  
Choose a path

This block represents the first level of the career adventure. It features a pixelated character with blonde hair, a red shirt, and blue pants running on a white, pixelated path that leads into a blue body of water. In the background, two sailboats with red and white striped sails are on the water.

**Level 5**  
Search for a job

This block represents the fifth level. It shows a green, pixelated island with two red and white mushrooms. The island is surrounded by a blue body of water.

**Level 4**  
Gain experience

This block represents the fourth level. It shows a tan, pixelated island with a green dragon-like creature and a treasure chest. The island is surrounded by a blue body of water.

**Level 2**  
Gather your tools

This block represents the second level. It shows a green, pixelated island with a wooden cross on a small brown platform. The island is surrounded by a blue body of water.

**Level 6**  
SUCCESS!!

This block represents the sixth level. It shows a brown, pixelated castle with a red star on top. The castle is surrounded by a blue body of water.

**Level 3**  
Assemble a team

This block represents the third level. It shows a green, pixelated island with a white unicorn with a rainbow mane. The island is surrounded by a blue body of water.

# Level One: The Beginning

(You already chose this wisely when you enrolled in Oregon Tech!)

Our intrepid hero (that's you) chose Oregon Tech, in part because you know you can get a great job when you graduate.

Even now you are experiencing a rigorous, practical education while applying cutting-edge concepts to real-world solutions.

But which road do you take to move from this world to the professional world? It might take a few adventures to figure it out, and you may get sidetracked at times.

You may even decide to change your path.

Don't worry! There are wizards and mages to aid you in your quest!

# Level 2: Equipment & Prep

(Resumes, cover letters, interviews, LinkedIn and more!)

In order to leave the walls of your world-class university and venture into those real world partnerships we talk so much about, you need to fill your pack with:

- a killer resume
- some serious interview skills
- a place to showcase your skills that makes employers say “WOW”
- And a canteen (because staying hydrated is important no matter what the quest).

♥ 1UP!

Want to get all your equipment at once?

There's a place for that! [proceed directly to BUS207!]

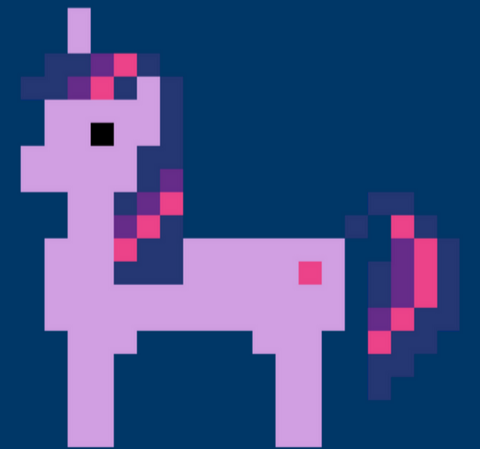

# Level 3: Trusty Companions

(It's dangerous to go alone)

No one succeeds alone, so you will need to bring your party along with you to help guide your way and help you gain entry to the castle.

Your faculty and classmates are part of your crew, and [Oregon Tech alumni](#) are too. Make sure [everyone](#) takes part in your adventure.

+5XP for every person in your [adventuring party/network!](#)

# Level 4: Adventures

(Internships and other workplace experience!)

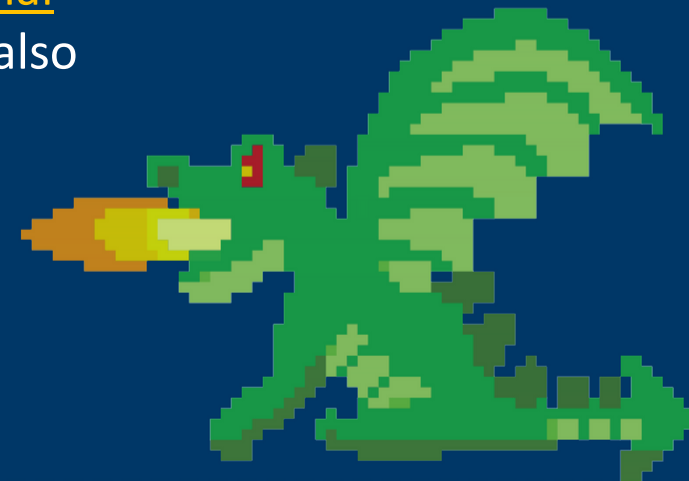

You're not ready to save the princess, or raid the dragon's lair or even take a full-time job in your career yet.

But you can train and prepare for those final goals by getting some real-world experience. When you get into a workplace (even working on campus) you are going to be richly rewarded!

What treasure will you get? Money (of course), technical skills, professional skills like understanding how to behave in a professional workplace, and also some direction about where you want to go next.

Didn't like this adventure? That's great information. Find a new path!

# Level 5: The Final Battle

(Don't worry, you're not a noob anymore!)

It's time. You've mastered your sword skills (i.e. interviewing) and have had many side quests into the professional world.

Now it's time to find your [next big stepping stone](#) as you make your way through your career pathway. This journey can take awhile! Use ALL the tools available to you.

If at any time you need to go back to the previous levels, [let us know](#) and we'll be the lovable and helpful sidekick to your capable and amazing hero!

# Level 6: Happily Ever After

(Spoiler alert – every end is actually a beginning!)

Congratulations, you've moved from the realm of Academia to the land of Professionals!

Don't forget that Career Services are available to Oregon Tech Alumni FOREVER. So if someday you decide to set out on a new career quest (be it professional or academic) or continue your educational journey in a new field or institution, we are here to help.
