

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Vascular Technology B.S. Degree Completion

Section 1- Program Mission, Objectives & Learning Outcomes

Oregon Tech Mission

Oregon Institute of Technology, an Oregon public university, offers innovative and rigorous applied degree programs in the areas of engineering, engineering technologies, health technologies, management, and the arts and sciences. To foster student and graduate success, the university provides an intimate, hands-on learning environment, focusing on application of theory to practice. Oregon Tech offers statewide educational opportunities for the emerging needs of Oregonians and provides information and technical expertise to state, national and international constituents.

Core Theme 1: Applied Degree Programs

Oregon Tech offers innovative and rigorous applied degree programs. The teaching and learning model at Oregon Tech prepare students to apply the knowledge gained in the classroom to the workplace.

Core Theme 2: Student and Graduate Success

Oregon Tech fosters student and graduate success by providing an intimate, hands-on learning environment, which focuses on application of theory to practice. The teaching and support services facilitate students' personal and academic development.

Core Theme 3: Statewide Educational Opportunities

Oregon Tech offers statewide educational opportunities for the emerging needs of Oregon's citizens. To accomplish this, Oregon Tech provides innovative and rigorous applied degree programs to students across the state of Oregon, including high-school programs, online degree programs, and partnership agreements with community colleges and universities.

Core Theme 4: Public Service

Oregon Tech will share information and technical expertise to state, national, and international constituents.

Program Alignment to Oregon Tech Mission and Core Themes

The OIT vascular technology degree completion program enables registered professionals in vascular technology to further their knowledge and skills necessary for career advancement, to become effective communicators, problem solvers, critical thinkers, responsible managers and leaders, and to value lifelong learning.

Oregon TECH

2017-2018 Assessment Report

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Program Mission

The Vascular Technology bachelor's degree completion program enables registered professionals in vascular technology to further their knowledge and skills necessary for career advancement, to become effective communicators, problem solvers, critical thinkers, responsible managers and leaders, and to value lifelong learning.

Section 2 – Program Educational Objectives

Program Educational Objectives

Students at the end of this course are able to:

- 1. Demonstrate diagnostic techniques, use sound judgment and good decision making to provide patient services.
- 2. Demonstrate great leadership skills in the field of vascular technology who contribute to the field on a local, regional or national level.
- 3. Synthesize and Analyze problems critically, communicate effectively and exemplify professional ethics.
- 4. Perform at a professional level and as lifelong learners and responsible citizens.

Program Faculty Review

Program Student Learning Outcomes and Objectives were reviewed by program faculty during Fall Convocation Program Assessment Meeting.

Vascular Faculty met in the fall of 2017-2018 to review the program. The program was not changed and kept in alignment with program accreditation. The Vascular Faculty met with the advisor board to be able to get feedback in all learning outcomes and discuss the needs of industry. The Advisory Board met in August 2018 where the results of assessment and student learning were discussed.

Showcase Learning Opportunities

As stated above the students in the degree completion programs are working licensed professionals already and are working toward completing their bachelors. There are many professional meetings but the one that most students attend is the Society for Vascular Ultrasound which met in August in San Antonio. The program director attended this meeting along with current students and Alumni. Students get an opportunity to look at the latest equipment and hear scientific sessions in all areas of the field. This is a large internal meeting that brings physicians and technologists together in large numbers. In the lab management course, students are asked to interview experts in human resources, lab management and workplace discrimination policy and practice. In the externship course students publish professional case studies in scientific journals.

Section 3 – Program Description and History:

Program History

The Vascular Degree Completion program was implemented in the fall of 1994 as an online program. The students participating in the program are already registered and practicing in the field. The program has approx. 40 active students a quarter with approx. 80 total students active in the program.

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Meeting with Advisory Board

Program faculty held a meeting with their Advisory Board during the academic year. This last year the Board met in August 2018 and shared assessment findings, retention, and evaluations. The Board shared ideas for improvement. The Board consists of 5 graduates who are working in Industry and 2 seasoned Industry leaders.

Advisory Board Review

The Advisory Board reviewed the Program Mission and Objectives during the academic year.

August 22, 2018

The Advisory Board consists of 5 OIT degree completion program graduates who serve the echo and vascular degree completion programs. In addition, there are 2 industry leaders that serve on the Board. They reviewed the assessment report and information regarding enrollments/retention and had no significant recommendations.

They had a lot of thoughts on marketing the program and suggest attention the national meetings this year as an exhibitor. They would like more people to know about the program. Some members were interested in talking about an advanced practice degree but so far this has been thought to be too expensive to launch. Further suggestions will take place at the next meeting in the spring.

Program Enrollment

The attached enrollment information is not separated out for the degree completion students. There are 50 active new students in the degree completion program in the Fall of 2017-2018. See Appendix A.

Program Graduates

The data below is not separated out for the degree completion students. We graduate students every quarter and not just at the end of the year. We had 21 graduates this year in total. See Appendix B.

Employment Rates and Salaries

The data below is not separated out of the degree completion students. However, all the students in the program are employed and salaries range from \$50,000 to \$125, 000, with the average at \$62,000. This program has a 91% success rate to finding employment. See Appendix C.

Pass Rates on Board and Licensure Exam All the degree completion students have passed their licensure exams prior to starting in the program.

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Closing the Loop

There were no loops to close from the following year. I am using coursetunes and hope to better align course objectives with module objectives and align both the assessments and the learning activities. In addition, I hope to align all courses better to the Quality Matters Rubric. My plan is to show this alignment and add module level objectives to this assessment report showing the alignment between the learning activities and the assessments. I want to improve my connection to students to help with retention.

College Algebra (online

Course Tunes- to better align outcomes, weekly modules, learning activities and assessments

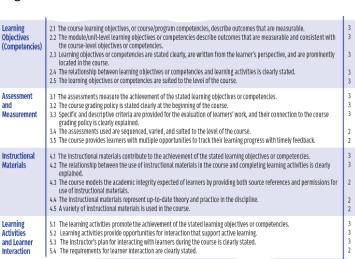

Quality Matters Alignment

The concept of alignment lives a quiet life embedded the Quality Matters (QM) Standards. Its rank and essential nature receive subtle recognition in the QM Rubric. The term "alignment" resides under the description of

five sub standards. When operationalized, however, alignment is akin to a system thinking entity that has the organizing power to create cohesion among

different elements of the course. It is a bonding agent capable of fortifying the relevance of those course components. Through building relationships, alignment ensures that paths for achieving learning outcomes are clearly marked.

Recruiting and Retention Improving the Connection to Students to help students stay in school (retention), improve learning and to serve.

Section 5 – Essential Student Learning Outcomes

This program follows the Institutional Assessment Cycle for the 6 main ESLO. For the year 2017-2018, data was collected for Inquiry and Analysis and submitted Spring Quarter 2018.

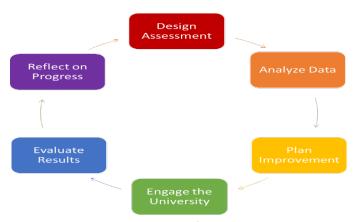

Figure A: The Cycle of Assessment

ESLO Assessment

Design Year: Ethical Reasoning ESLO & Drawing upon examples from previous years' data collection plans, the Ethical Reasoning ESLO committee and the Assessment Commission will draft a data collection plan for the Ethical Reasoning ESLO to be implemented in 2018-2019.

Collect Year: Inquiry & Analysis ESLO & The data collection plan developed during the previous year will be implemented, using Portfolium to collect and score student work from lower-division general education courses and upper-division disciplinary coursework that integrates inquiry & analysis.

Analyze Year: Communication ESLO & Data collected during 2016-2017 will be shared with faculty at convocation and discussed within the Executive Committee and the Communication ESLO Committee. & Themes in the data and faculty's reflection on it will be gathered and used to generate action plans to be implemented during 2018-2019.

Engage Year: Diverse Perspectives ESLO & Engage year activity will be a joint effort between the Executive Committee, the Diverse Perspectives ESLO Committee, and the Commission on College Teaching, centered on developing a broader understanding of this new outcome. In addition to expanding the Diverse Perspectives committee's connection with Student Affairs through the inclusion of a new multicultural coordinator on the committee, the committee will work with student affairs staff and faculty to better highlight Diverse Perspectives events on the Klamath Falls campus. (Past NSSE results indicate students' perception that few opportunities to engage with Diverse Perspectives exist). The Diverse Perspectives ESLO committee will plan at least two workshops on use of the Diverse Perspectives rubric and on assignment design, to support faculty in understanding and integrating this outcome in their coursework.

Section 6: Measure

- F Foundation introduction of the learning outcome, typically at the lower-division level,
- P Practicing reinforcement and elaboration of the learning outcome, or
- C Capstone demonstration of the learning outcome at the target level for the degree

For each outcome, programs should identify at least 2 direct measures (student work that provides evidence of their knowledge and skills), and 1 indirect measure (student self-assessment of their knowledge and skills) for each outcome.

For every program, data from the Student Exit Survey will be an indirect measure at the capstone level.

OIT-BVTO 2017-18.3 The student will demonstrate an ability to provide basic patient care and						
comfort.

Summary

Three Direct Measures (Fall, Winter, Spring) of Employer Surveys in two courses

A survey was completed and returned by the employers of 19 students VAS 420A & VAS420 B course during Fall, Winter and Spring terms, 2017-2018 and the results are shown in Table #1 below.

Performance Criteria	Assessment Method	Measurement Scale	Minimum Acceptable Performance	Results
Patient interaction	Employer survey	1 - 4 scale,	80% at 3 or 4	100%
Patient safety	Employer survey	1 - 4 scale,	80% at 3 or 4	89%
Understanding	Employer survey	1 - 4 scale,	80% at 3 or 4	84%
Patient comfort	Employer survey	1 - 4 scale,	80% at 3 or 4	89%
Patient history	Employer survey	1 - 4 scale,	80% at 3 or 4	100%

Table 1: SLO #3 Patient Care Employer Survey

Three Indirect Measures (Fall, Winter, Spring) of Student Surveys in two courses

The survey was sent to 19 students in VAS 420A & VAS420 B course during Fall, Winter and
Spring terms, 2017-2018. The results are shown in Table #3 below and was based on 19
student surveys: Students were asked to rate their own performance on patient care using a 4-

point scale from 1 to 4.

Performance Criteria	essment Method		Minimum Acceptable Performance	Results
Patient interaction	Student survey	1 - 4 scale,	80% at 3 or 4	100%
Patient safety	Student survey	1 - 4 scale,	80% at 3 or 4	100%
Understanding	Student survey	1 - 4 scale,	80% at 3 or 4	100%
Patient comfort	Student survey	1 - 4 scale,	80% at 3 or 4	100%
Patient history	Student survey	1 - 4 scale,	80% at 3 or 4	100%

Table 2: SLO #3: Patient Care Student Survey

Strengths:

Based on employer and student feedback, students performed at expectations or higher in terms of their ability to provide quality patient care for each performance criteria.

OIT vascular technology faculty felt comfortable that the students are providing quality patient care / comfort, and all students on self -assessment and by their employers met the minimum criteria.

Weakness: none

Actions Taken: No action taken

Improvement Narrative

The students are strong in-patient care skills according to their own reflections and their employers. This is not surprising as they are working in patient care settings every day as they are working in their fields prior to starting the degree completion.

OIT-BVTO 2017-18-6 The student will demonstrate knowledge and understanding of vascular physiology, pathology, and pathophysiology. VAS 365 and VAS 366

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Summary

The Vascular Technology Degree Completion faculty conducted an analysis of where this outcome is reflected in the degree completion curriculum. The mapping of this outcome in the Vascular Degree Completion courses can be found in Appendix A3. For student learning outcome #7, three indirect measurement and three direct measurement was conducted on 39 students in VAS 385 and VAS 365 during Fall, Winter and Spring 2017-2018. The direct assessment was a test measured on 39 students in VAS 365 and VAS 365 during Fall, Winter, and Spring 2017-2018. The indirect survey was designed to rate student self -confidence in vascular physical principles and instrumentation.

Direct Measure #1, #2, and #3 (Two Courses)

A test was given to 39 students administered in Fall, Winter and Spring Term (2017-2018) VAS 385 course and the results are displayed in Table 4 below

Action Taken: No action taken

Improvement Narrative

Because the students are already licensed and working in the field, the students remember their physics prior to starting in the program as they are already experienced techs.

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

OIT-BVTO 2017-18.10 The student will be able to perform scholarly research and to contribute that knowledge to the field of vascular technology.

Summary

Direct Measure #1, #2, #3 Grading Rubric (Two Courses)

A case study grading rubric was on student's case studies on 19 students VAS 420A and VAS 420 B courses during Fall, Winter and Spring terms, 2017-2018 and the results are shown in Table #6 below.

_					
	Performance Criteria	Assessment Method	Measurement Scale	Minimum Acceptable Performance	Results
	Referral Reasons and Indications	Case Study Grading Rubric	1 - 4 scale,	80% at 3 or 4	95%
	Pathophysiology of the case	Case Study Grading Rubric	1 - 4 scale,	80% at 3 or 4	84%
	Interpretation	Case Study Grading Rubric	1 - 4 scale,	80% at 3 or 4	89%
	Scholarly Literature Review	Case Study Grading Rubric	1 - 4 scale,	80% at 3 or 4	95%
	Conclusions based on scholarly review and the case	Case Study Grading Rubric	1 - 4 scale,	80% at 3 or 4	84%

Table6: Case Study Grading Rubric VAS 420A and VAS 420B Fall, Winter and Spring Terms

Indirect Measure #1, 2, 3 Student Survey Two Courses

The survey was sent to 19 students in VAS 420A & VAS420 B course during Fall, Winter and Spring terms, 2017-2018. The results are shown in Table #3 below and was based on 3 student surveys: Students were asked to rate their own performance on patient care using a 4-point scale from 1 to 4.

Performance Criteria	Assessment Method	Measurement Scale		Results
Skills in Reviewing the Literature	Student survey	1 - 4 scale,	80% at 3 or 4	95%
Components of a published paper	Student survey	1 - 4 scale,	80% at 3 or 4	89%
Confidence in Writing	Student survey	1 - 4 scale,	80% at 3 or 4	89%
Confidence in Research Methods	Student survey	1 - 4 scale,	80% at 3 or 4	95%
Confidence in submitting for publication	Student survey	1 - 4 scale,	80% at 3 or 4	84%

Table6: Self Confidence Survey in Professional Publication VAS 420A and VAS 420B Fall, Winter and Spring Terms

Vascular Technology Degree Completion Dr. Janette Isaacson, Program Director

Improvement Narrative

The students did well on their written case studies and submitted for publication, Students have confidence in their ability to publish scholarly work.

Section 8 – Curriculum Map

- F Foundation introduction of the learning outcome, typically at the lower-division level,
- P Practicing reinforcement and elaboration of the learning outcome, or
- C Capstone demonstration of the learning outcome at the target level for the degree

Curriculum Map for Vascular Degree Completion Program

SLO: 3 The student will demonstrate an ability to provide basic patient care and comfort.

Section 9. Evidence of Improvement in Student Learning.

A. Student Learning Outcome #3: The student will demonstrate an ability to provide basic patient care and comfort.

Strengths: Both the employers and the students themselves felt confident they were proficient in-patient care and comfort.

Areas needing improvement: None currently.

B. Student Learning Outcome #6: The student will demonstrate knowledge and understanding of vascular physiology, pathology, and pathophysiology.

Strengths: The students are proficient in knowledge of vascular physiology, pathology and pathophysiology based on direct assessment.

Plans for improvement: None currently.

C. Student Learning Outcome #7: The student will demonstrate knowledge of vascular physical principles and instrumentation.

Strengths: The students are proficient in knowledge of vascular physical principles and instrumentation based on direct and indirect assessment

Areas needing improvement: None currently.

D. Student Learning Outcome 10: The student will be able to perform scholarly research and to contribute that knowledge to the field of vascular technology.

Strengths: The students were confident that their case studies will publish. In addition, the students scored well on the scholarly research grading rubric.

Areas needing improvement: None currently.

Vascular Technology Degree Completion Program
Dr. Janette Isaacson, Program Director

Section 10. Data-driven Action Plans: Changes Resulting from Assessment

Changes Resulting from Assessment.

The faculty felt the students were effective on all four assessed learning outcomes. No action taken. The action plan to implement alignment with the QM rubric using Coursetune software and increase efforts for online Instructor Presence / Connection to Students strategies to improve overall student satisfaction.

A few Qualitative Quotes Fall 2017

- With this course I was able to put what I learned into practice. After each assignment my reading helped me to understand the ins and outs of my managers and HR decisions. I had answers for questions and issues that my coworkers came to me with, when I didn't know before. This course was very beneficial to me. Thank you Dr. Isaacson
- THUS FAR EXCELENT EXPERIENCE
- even though this course required a lot of reading but I learned things I wasn't aware of before. in this class, I learned some of the things that can be considered illegal to be practiced against an employee. It helped think in a critical way toward different cases.
 Thanks to the excellent teacher who made sure I understand my rights and how to react to different situations.
- I feel very fortunate to have had Dr. Isaacson as my instructor this semester. She has inspired me to continue with my education after many long years of putting it off. Her passion for sharing her knowledge and teaching others is incredible and unlike any other professor I've crossed paths with.

Oregon Tech may grant conditional admission to candidates not meeting all of the minimum requirements. Your application will not be considered for admission until all required items are received. Some requirements are waived for Oregon Tech graduates, please see the Admission Requirements link above.

Nationally Recognized

General	Trigiter Education Rubite, Sixtil Edition	
Standards	Specific Review Standards	oints
Course Overview and Introduction	 1.1 Instructions make clear how to get started and where to find various course components. 1.2 Learners are introduced to the purpose and structure of the course. 1.3 Communication expectations for online discussions, email, and other forms of interaction are clearly stated. 1.4 Course and institutional policies with which the learner is expected to comply are clearly stated within the course, or a link to current policies is provided. 1.5 Minimum technology requirements for the course are clearly stated, and information on how to obtain the technologies is provided. 1.6 Computer skills and digital information literacy skills expected of the learner are clearly stated. 1.7 Expectations for prerequisite knowledge in the discipline and/or any required competencies are clearly stated. 1.8 The self-introduction by the instructor is professional and is available online. 1.9 Learners are asked to introduce themselves to the class. 	3 3 2 2 2 1 1 1 1
Learning Objectives (Competencies)	 2.1 The course learning objectives, or course/program competencies, describe outcomes that are measurable. 2.2 The module/unit-level learning objectives or competencies describe outcomes that are measurable and consistent with the course-level objectives or competencies. 2.3 Learning objectives or competencies are stated clearly, are written from the learner's perspective, and are prominently located in the course. 2.4 The relationship between learning objectives or competencies and learning activities is clearly stated. 2.5 The learning objectives or competencies are suited to the level of the course. 	3 3 3 3 3
Assessment and Measurement	 3.1 The assessments measure the achievement of the stated learning objectives or competencies. 3.2 The course grading policy is stated clearly at the beginning of the course. 3.3 Specific and descriptive criteria are provided for the evaluation of learners' work, and their connection to the course grading policy is clearly explained. 3.4 The assessments used are sequenced, varied, and suited to the level of the course. 3.5 The course provides learners with multiple opportunities to track their learning progress with timely feedback. 	3 3 3 2 2
Instructional Materials	 4.1 The instructional materials contribute to the achievement of the stated learning objectives or competencies. 4.2 The relationship between the use of instructional materials in the course and completing learning activities is clearly explained. 4.3 The course models the academic integrity expected of learners by providing both source references and permissions for use of instructional materials. 4.4 The instructional materials represent up-to-date theory and practice in the discipline. 4.5 A variety of instructional materials is used in the course. 	3 3 2 2 2 2
Learning Activities and Learner Interaction	 5.1 The learning activities promote the achievement of the stated learning objectives or competencies. 5.2 Learning activities provide opportunities for interaction that support active learning. 5.3 The instructor's plan for interacting with learners during the course is clearly stated. 5.4 The requirements for learner interaction are clearly stated. 	3 3 3 2
Course Technology	 6.1 The tools used in the course support the learning objectives or competencies. 6.2 Course tools promote learner engagement and active learning. 6.3 A variety of technology is used in the course. 6.4 The course provides learners with information on protecting their data and privacy. 	3 3 1 1
Learner Support	 7.1 The course instructions articulate or link to a clear description of the technical support offered and how to obtain it. 7.2 Course instructions articulate or link to the institution's accessibility policies and services. 7.3 Course instructions articulate or link to the institution's academic support services and resources that can help learners succeed in the course. 7.4 Course instructions articulate or link to the institution's student services and resources that can help learners succeed. 	3 3 3
Accessibility* and Usability	 8.1 Course navigation facilitates ease of use. 8.2 The course design facilitates readability. 8.3 The course provides accessible text and images in files, documents, LMS pages, and web pages to meet the needs of diverse learners. 8.4 The course provides alternative means of access to multimedia content in formats that meet the needs of diverse learners. 8.5 Course multimedia facilitate ease of use. 8.6 Vendor accessibility statements are provided for all technologies required in the course. 	3 3 3 2 2 2 2

^{*} Meeting QM Specific Review Standards regarding accessibility does not guarantee or imply that the specific accessibility regulations of any country are met. Consult with an accessibility specialist to ensure that accessibility regulations are met.

2016-17 Student Exit Survey - Vascular Technology B.S. Degree Completion October 30th 2018, 10:17 am PDT

Q3 - Oregon Tech Essential Student Learning Outcomes Please rate your proficiency in the following areas:

#	Question	High proficiency		Proficiency		Some proficiency		Limited proficiency		Total
1	Communication: Writing effectively	40.00%	2	60.00%	3	0.00%	0	0.00%	0	5
2	Communication: Speaking effectively	40.00%	2	60.00%	3	0.00%	0	0.00%	0	5
3	Inquiry & Analysis: Thinking critically and analytically	40.00%	2	60.00%	3	0.00%	0	0.00%	0	5
4	Ethical Reasoning: Making ethical judgements	40.00%	2	60.00%	3	0.00%	0	0.00%	0	5
5	Teamwork: Work effectively with groups and teams	60.00%	3	40.00%	2	0.00%	0	0.00%	0	5
6	Quantitative Literacy: Using quantitative/numerical information to solve problems, evaluate claims, and support decisions	40.00%	2	40.00%	2	20.00%	1	0.00%	0	5
7	Diverse Perspectives: Understanding of diverse perspectives to improve interactions with others	60.00%	3	40.00%	2	0.00%	0	0.00%	0	5

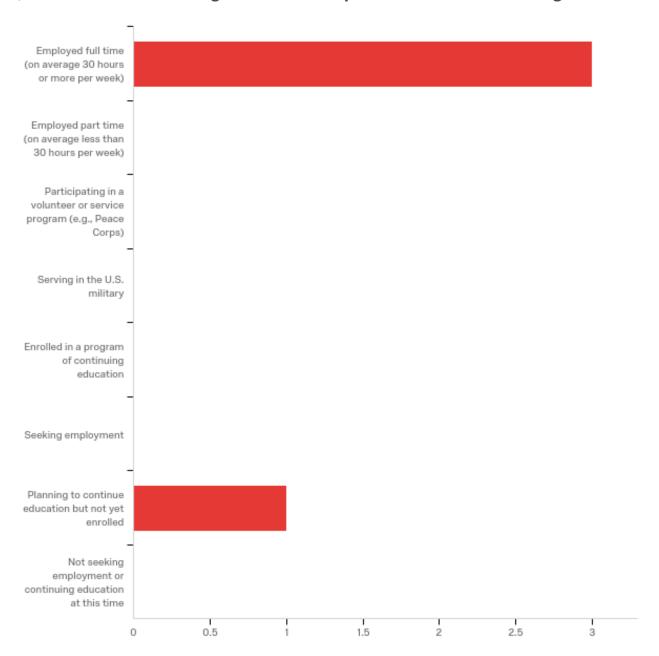

Q4 - Oregon Tech Essential Student Learning Outcomes How much has your experience at Oregon Tech contributed to your knowledge, skills, and personal development in these areas?

#	Question	Very much		Quite a bit		Some		Very little		Total
1	Communication: Writing effectively	60.00%	3	40.00%	2	0.00%	0	0.00%	0	5
2	Communication: Speaking effectively	40.00%	2	60.00%	3	0.00%	0	0.00%	0	5
3	Inquiry & Analysis: Thinking critically and analytically	20.00%	1	80.00%	4	0.00%	0	0.00%	0	5

4	Ethical Reasoning: Making ethical judgements	20.00%	1	40.00%	2	40.00%	2	0.00%	0	5
5	Teamwork: Work effectively with groups and teams	60.00%	3	20.00%	1	20.00%	1	0.00%	0	5
6	Quantitative Literacy: Using quantitative/numerical information to solve problems, evaluate claims, and support decisions	20.00%	1	60.00%	3	20.00%	1	0.00%	0	5
7	Diverse Perspectives: Understanding of diverse perspectives to improve interactions with others	60.00%	3	40.00%	2	0.00%	0	0.00%	0	5

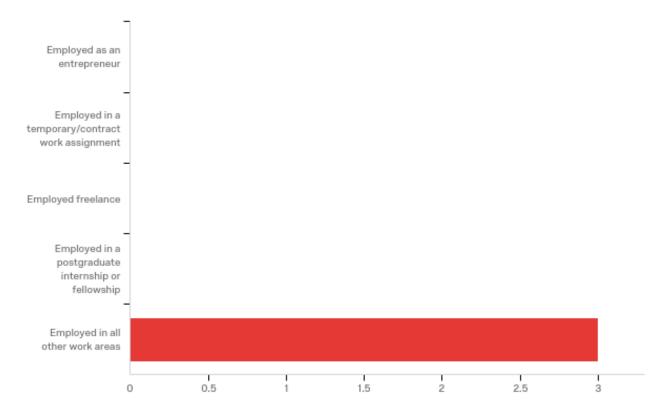

Q5 - Which of the following BEST describes your PRIMARY status after graduation?

#	Answer	%	Count
1	Employed full time (on average 30 hours or more per week)	75.00%	3
2	Employed part time (on average less than 30 hours per week)	0.00%	0
3	Participating in a volunteer or service program (e.g., Peace Corps)	0.00%	0
4	Serving in the U.S. military	0.00%	0
5	Enrolled in a program of continuing education	0.00%	0

6	Seeking employment	0.00%	0
7	Planning to continue education but not yet enrolled	25.00%	1
8	Not seeking employment or continuing education at this time	0.00%	0

Q31 - Do you have any comments about Vascular Technology Degree Completion advising?

Do you have any comments about Vascular Technology Degree Completion advising?

Dr. Isaacson is an amazing mentor. She has personally advanced my knowledge in the field of vascular ultrasound while providing guidance every step of the way.

Great program! Pretty rigorous course material. Highly reputable and well respected program.

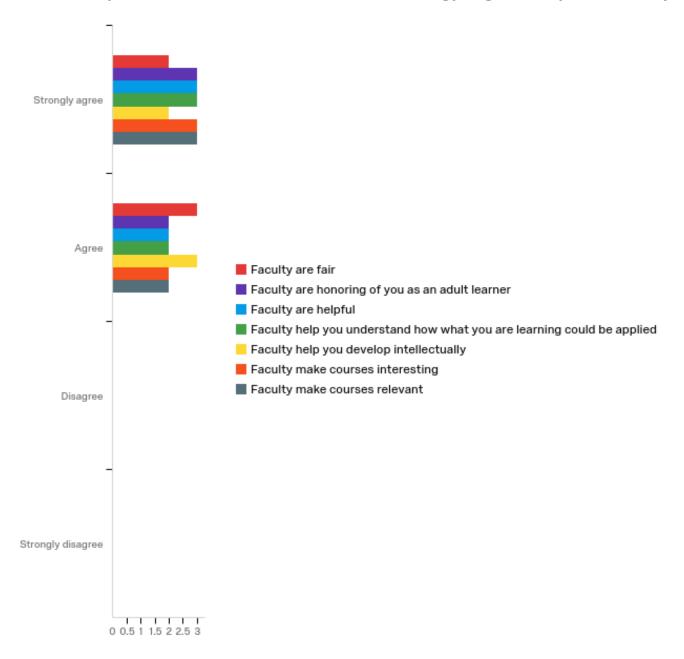

Q32 - Please provide feedback about the Vascular Technology Degree Completion program by indicating how much you agree with each one of the following statements.

#	Question	Strongly agree		Agree		Disagree		Strongly disagree		Total

Q36 - Do you feel you are now a life long learner since you completed your degree?

Do you feel you are now a life long learner since you completed your degree?					
Yes.					
Yes, since it took me 11 years to get through!					
yes					

Yes. It definitely makes me want to pursue a graduate degree. But also, this degree makes me more interested in running the vascular lab from more of an academic standpoint.

Q37 - Has your confidence grown in yourself since completing your degree? If so, please explain.

Has your confidence grown in yourself since completing your degree? If so, please explain.

Yes. I am much more confident in many areas. My knowledge, leadership and communication skills have advanced greatly.

Feel that my degree will bring with it a certain amount of respect.

yes

Yes. Now that I have the bachelor of science degree, I feel like I have not only the knowledge, but the credentials to lead.

Q38 - Do you feel you could contribute to the advancing of the field or your work environment in new ways with all that you have learned in your degree?

Do you feel you could contribute to the advancing of the field or your work environment in new ways with all that you have learned in your degree?
Yes. Especially with technical writing.
Yes
yes
Yes. Very much so.

Q39 - Has your degree given you greater opportunity in your career? If yes, please explain.

Has your degree given you greater opportunity in your career? If yes, please explain.

Yes. I am a director and needed a bachelor's degree for stability in my job.

Perhaps. Not having the degree definitely limited job growth in my company.

not yet

Yes. I was promoted to supervisor of the vascular lab a few months before graduating.

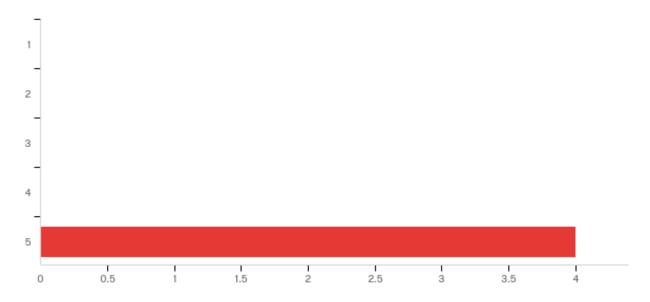

Q40 - What have been the three BEST things about your major? (These might be experiences, particular courses or professors, general characteristics or features of the program--anything at all that was important to you).

What have been the three BEST things about your major? (These might be experiences, particular courses or professors, general characteristics or features of the program--anything at all that was important to you).

Dr. Isaacson helps make the overall experience as pleasant as possible. She is encouraging. She emails important reminders and dates to keep you on track.

The professors are great. The intense amount of knowledge of anatomy and physiology was great.

Q41 - What is your overall rating of the education you received at Oregon Tech?

#	Answer	%	Count
1	1	0.00%	0
2	2	0.00%	0
3	3	0.00%	0
4	4	0.00%	0
5	5	100.00%	4
	Total	100%	4

Q42 - Do you have any other comments about your time at Oregon Tech?

Do you have any other comments about your time at Oregon Tech?

I feel as though online students should be recognized in the same manner that on-campus students are upon graduation, in regards to their GPA status.

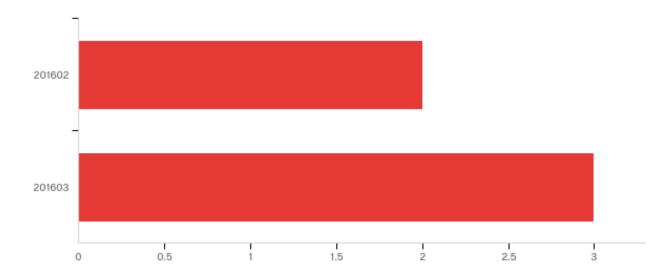

I think that the number of credits given to me for prior registries/experience should have been better evaluated. I came in as an RVT, and RT-R, as well as with 10 years of Echo experience. It just seems that there were several classes I should not have needed.

Great experience.

Q43 - The Vascular Technology Degree Completion program would like to stay in touch with you. Please provide us with contact information for you after leaving Oregon Tech.
